

Assessing Music Meeting Year 2 Expectations

Pupils at the **expected level of attainment** at the end of Year 2 will be able to:

Performing

- ▶ Sing and perform with others and follow the tune, pitching accurately. They play simple rhythmic patterns on an instrument and can sing/clap a pulse by speeding up or slowing down.

Composing

- ▶ Create music in response to a stimulus, ordering sounds to create a beginning, middle and end. They choose sounds to create an effect and use symbols to represent the sounds. They are starting to make links between sounds and musical notation.

Appraising

- ▶ Talk about their own music and how to improve it. They can listen out for particular things when listening to music.
