

Assessing Music Meeting Year 5 Expectations

Pupils at the **expected level of attainment** at the end of Year 5 will be able to:

Performing

- ▶ Sing with understanding and expression, breathing in the correct place, maintaining their part whilst others are singing theirs. They perform from simple notations and improvise using musical phrases and patterns.
- ▶ They produce harmony by playing simple chords, playing repeated sequences on a tuned instrument to accompany a song.

Composing

- ▶ Compose music for specific criteria, changing and organising sounds to create effects. They use notations to play groups of notes (chords) and choose a suitable tempo for their work.

Appraising

- ▶ Describe, compare and evaluate music using musical vocabulary, suggesting improvements to their own and others' work. They contrast the work of famous composers and say which they prefer.
